

Prices and Transport

MicroZr™
Paediatric Crowns

Prices

Micro Zr™ Paediatric crowns:

50 €/crown (+ taxes)

Time to clinic

Micro Zr™ Paediatric crowns time to clinic:

- Manufacturing takes 3 to 4 days, from file arrival to packaging;
- Delivery takes 1 day from Portugal to any country in Europe;
- From the moment the files arrive until the clinics receive the crowns, it takes around 5 working days.

Note: In the first appointment spacers may be placed between teeth, if needed. One week later, in the second appointment, crowns have already arrived at your clinic.

Transport

Micro Zr™ Paediatric crowns transport:

- Transport is made through **DHL** company;
- Cost of transport is around **25-40€** per shipping (may vary from city to city);
- Transport is charged to the clinic along with crowns invoice;
- Invoices are sent periodically (depending on order volume);
- Delivery is made twice a week (Tuesday and Friday).

Notes:

1. Ideally, and in order to dilute the shipping costs, several crowns should be sent per package;
2. If large quantities of crowns are requested daily, these can be sent daily.
3. Other possibilities can be agreed when requested.
